

SNOWSTORM SHOPPING SPREE!

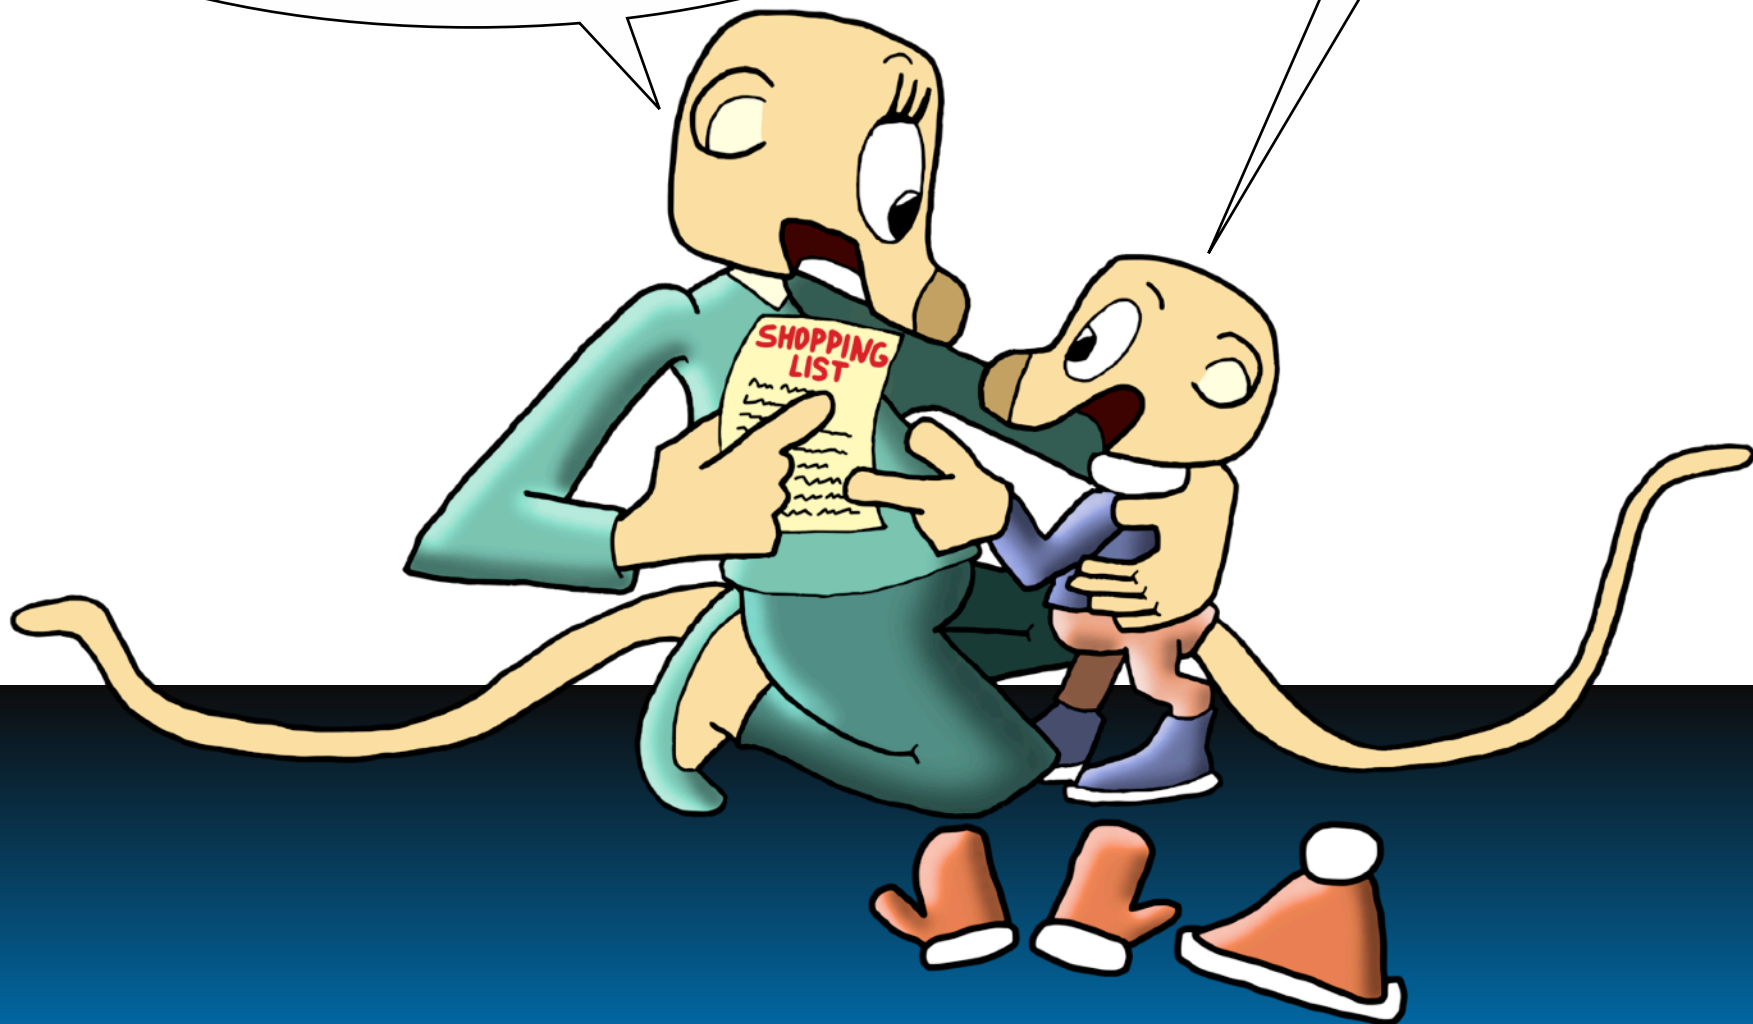

Kinkajou's Zoo

This snowstorm has blocked all the roads!
Can you and your friends walk to the store
and pick up a few things?

Here's a list!

Sure, Mom!
No problem!

Kinkajou took a look
at the list.

We're almost done
bundling you up!

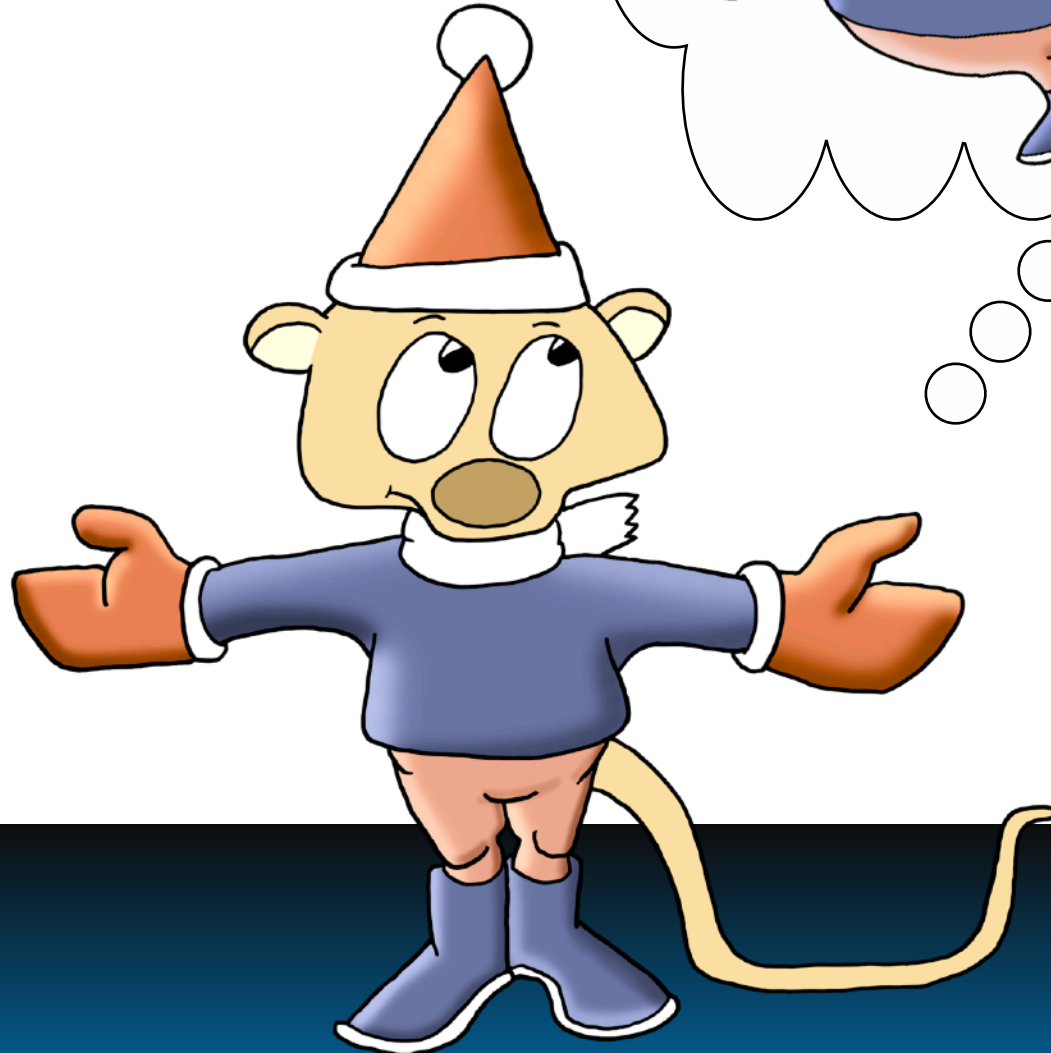

Lots of layers will
keep you warm!

I put the shopping list
under my hat!

With all those layers of clothes,
Kinkajou had the feeling he was
as big as a balloon!

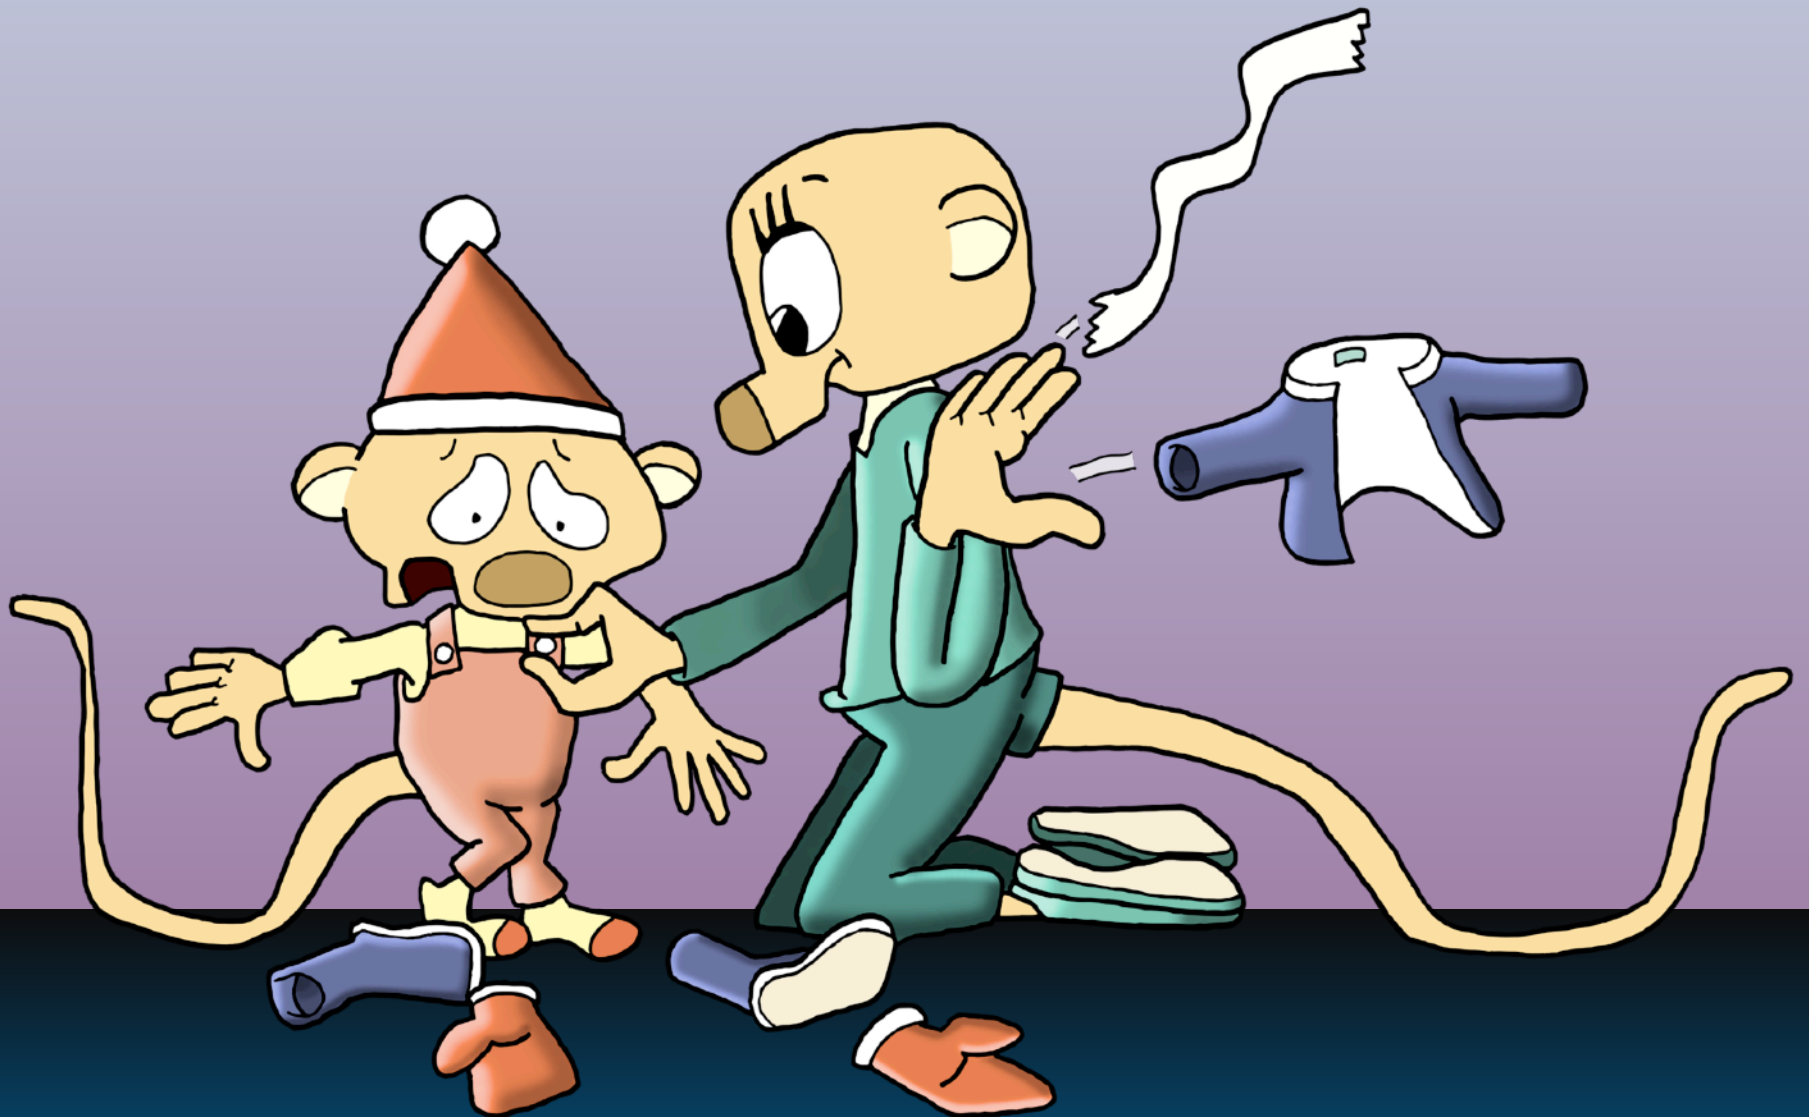

Suddenly, he had another feeling...

Is that, by chance,
your potty dance?

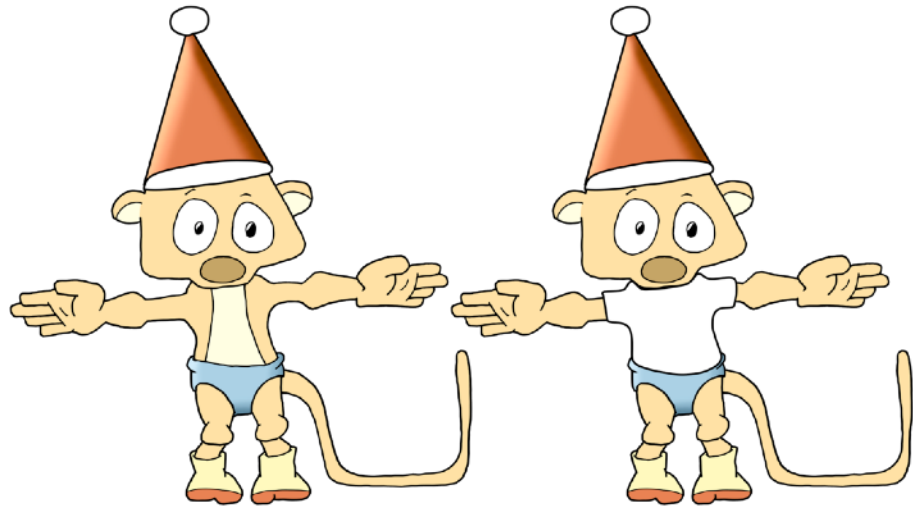

Off came the layers...

...Made it just in time!

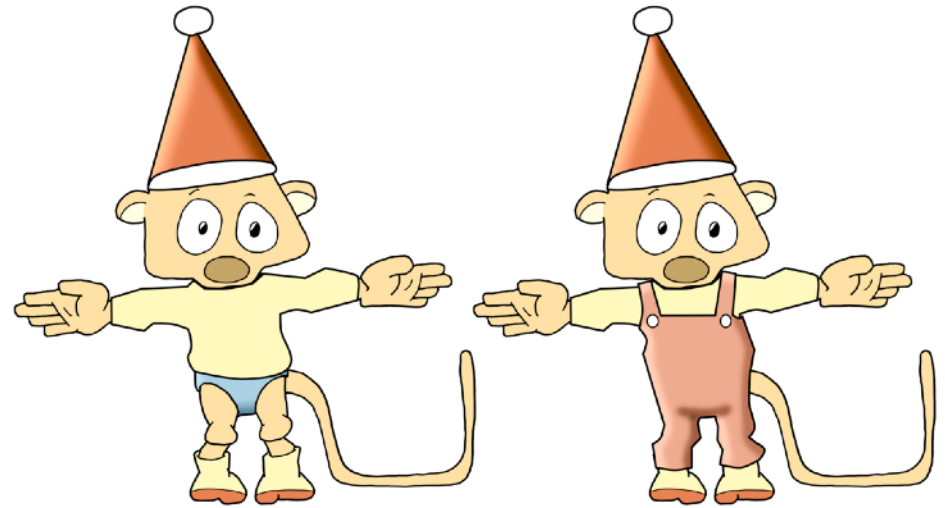

Back on with the layers!

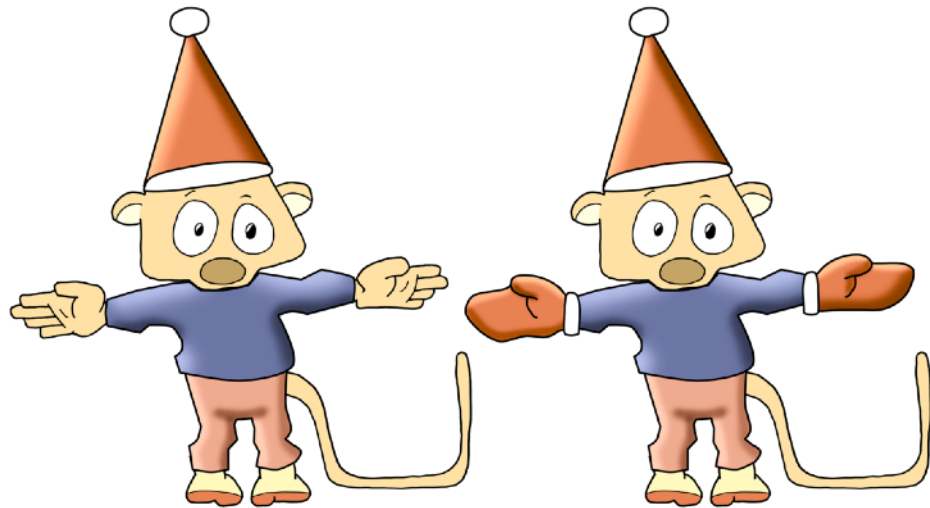

Hat, undies,
and socks...

add tee shirt...

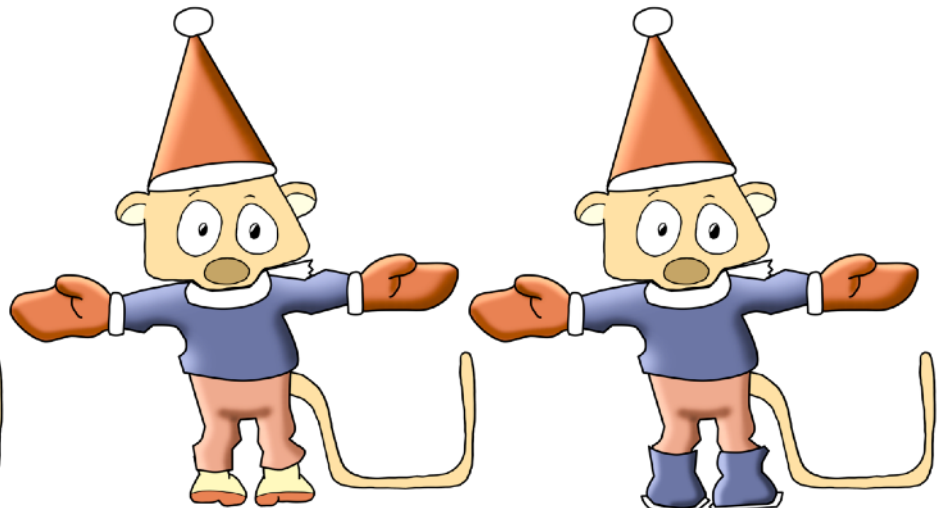

add shirt...

add snow pants...

add jacket...

add mittens...

add scarf...

add boots!

Then off went Kinkajou, Fennec, and Proboscis
towards the store.

But first...

PLAY BALL!

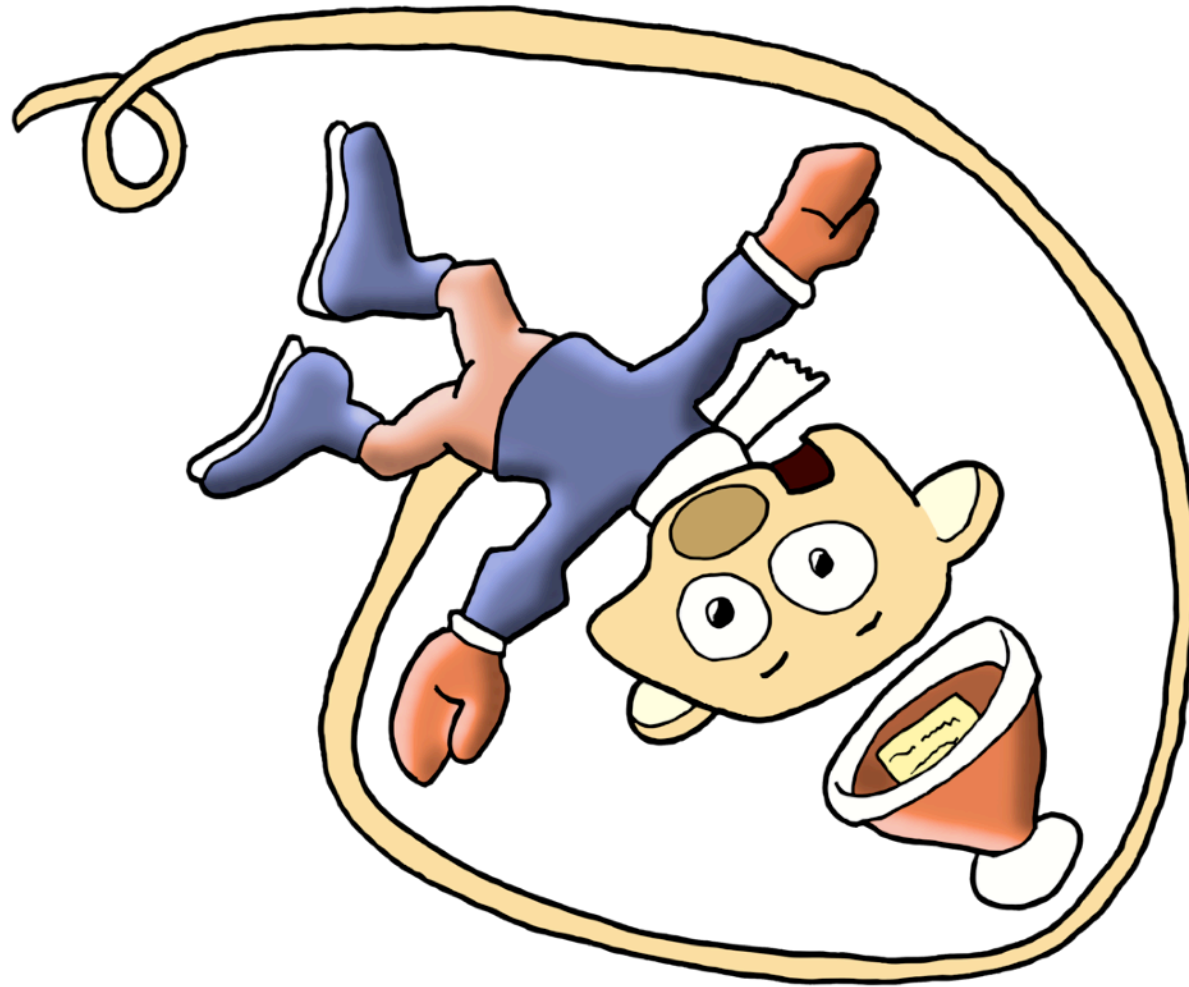

And here's the windup...

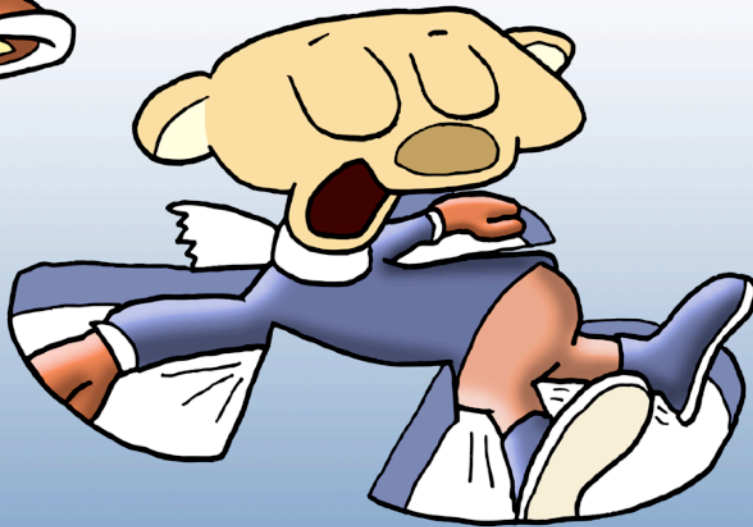

And that snowball is outta here!

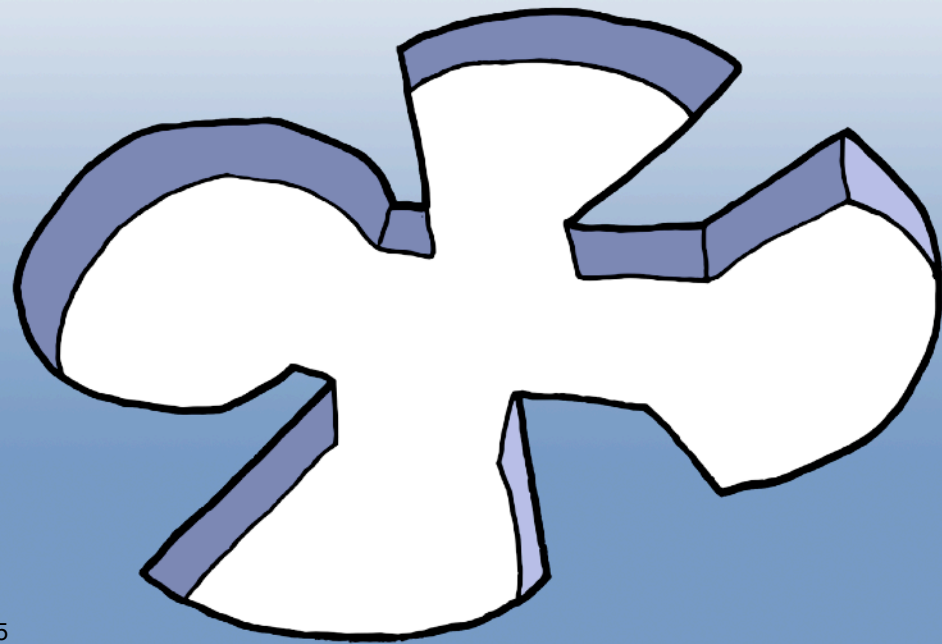

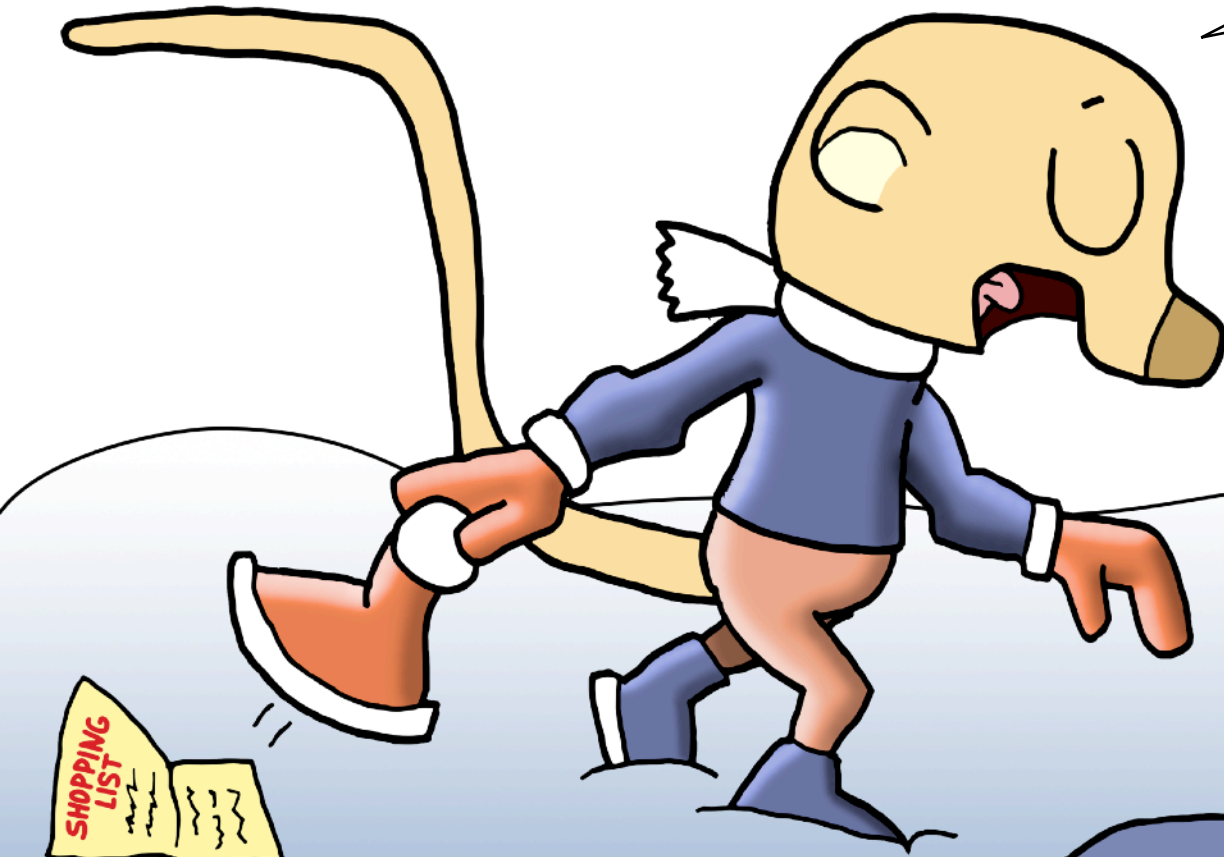

They started walking again when suddenly, Kinkajou slipped and landed flat on his back.

I meant to do that,
to make a snow angel!

Oops, almost forgot my hat!

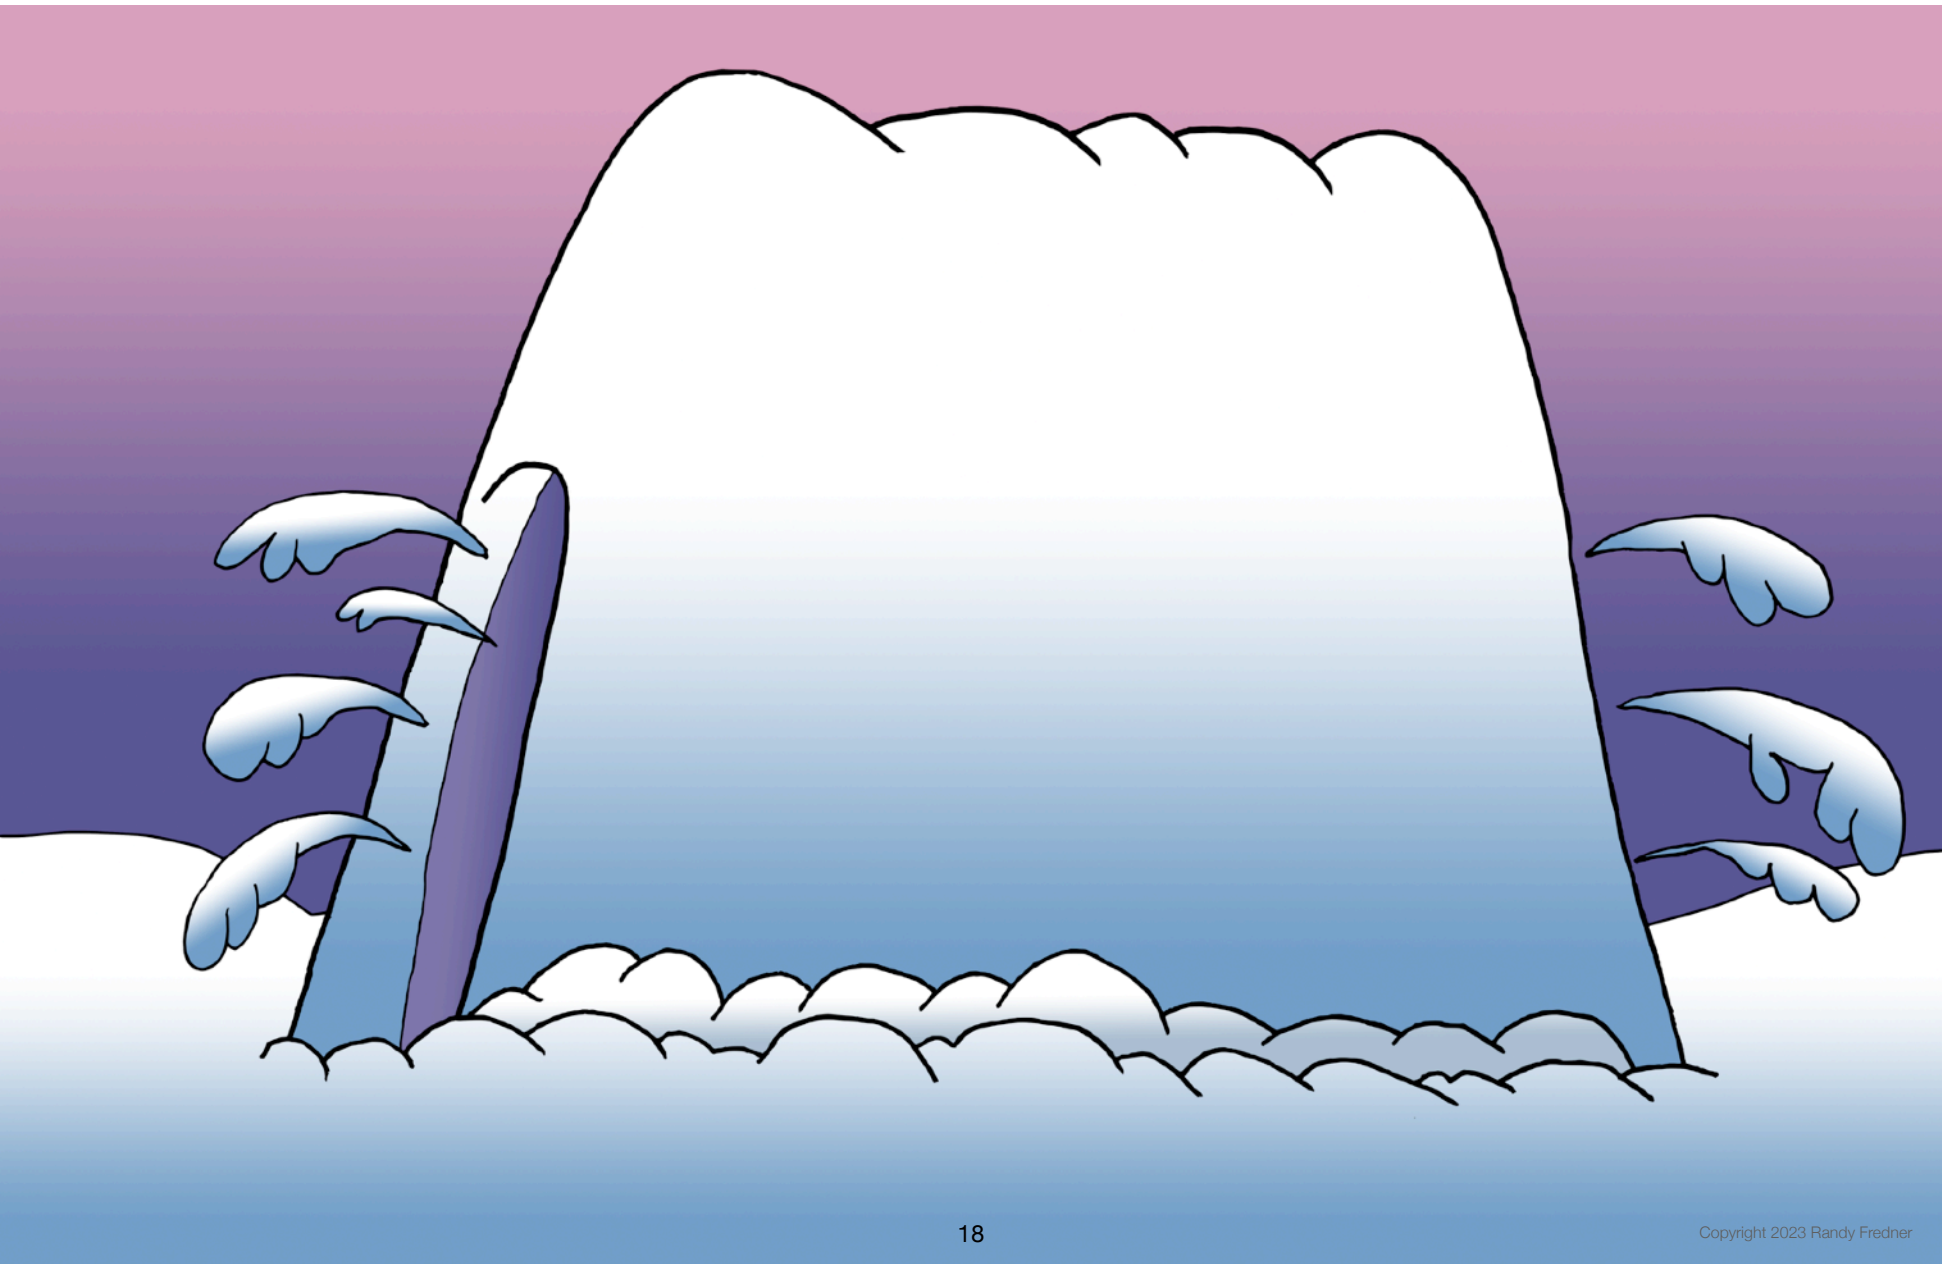

Next, Kinkajou called out...

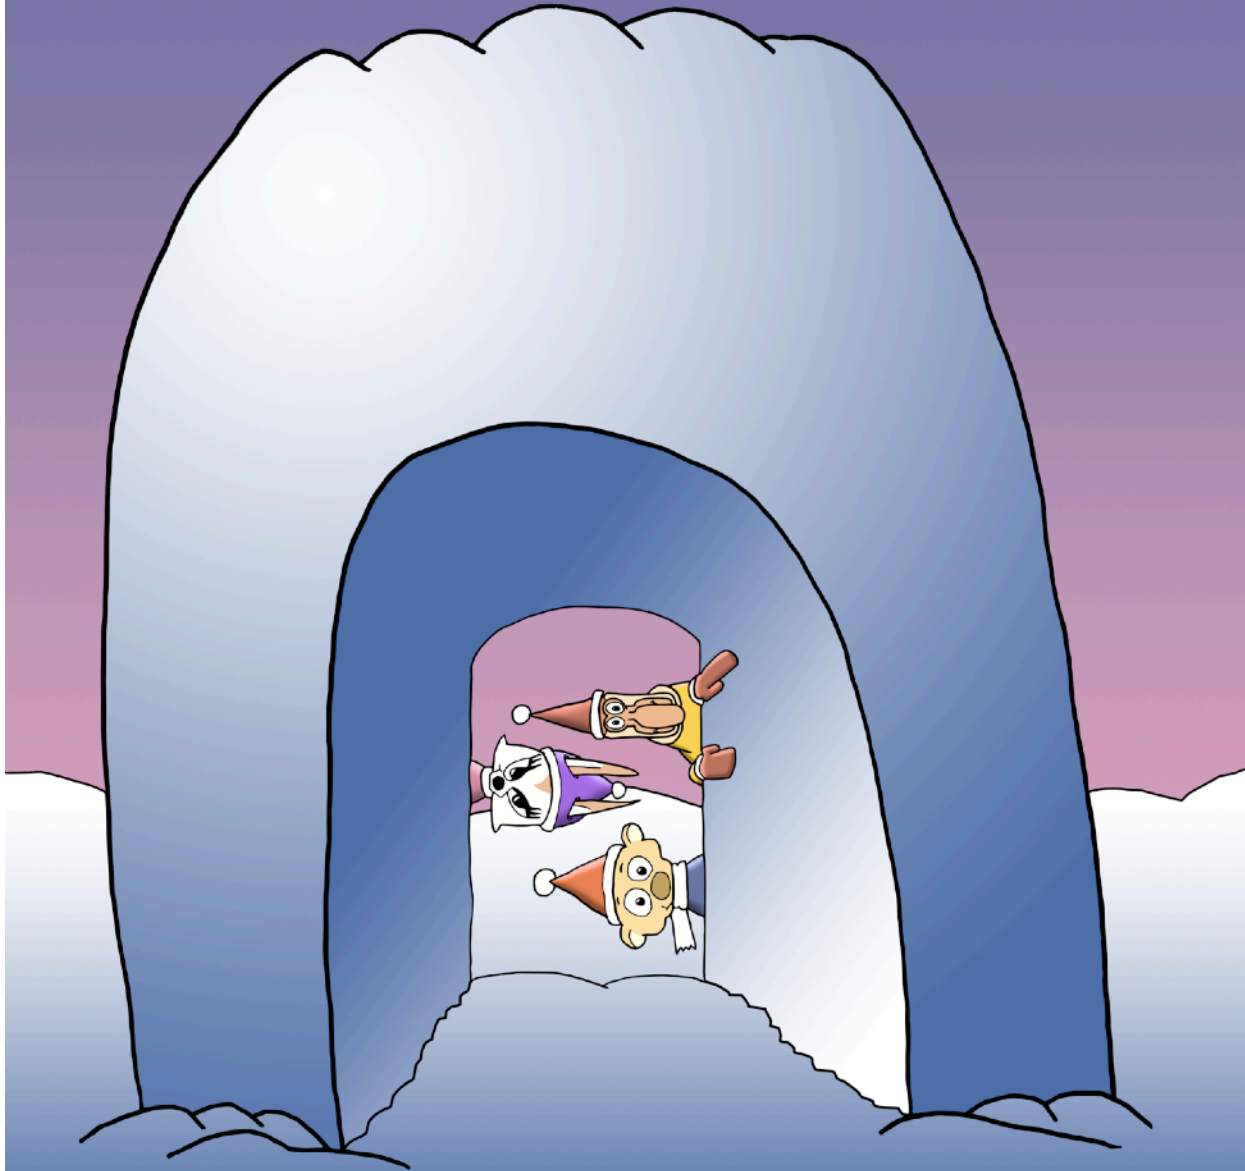

After the snowball fight, they decided
the snow was just right to make a snowman!

Next, a huge pile left by a snowplow
means it's time to make a tunnel!

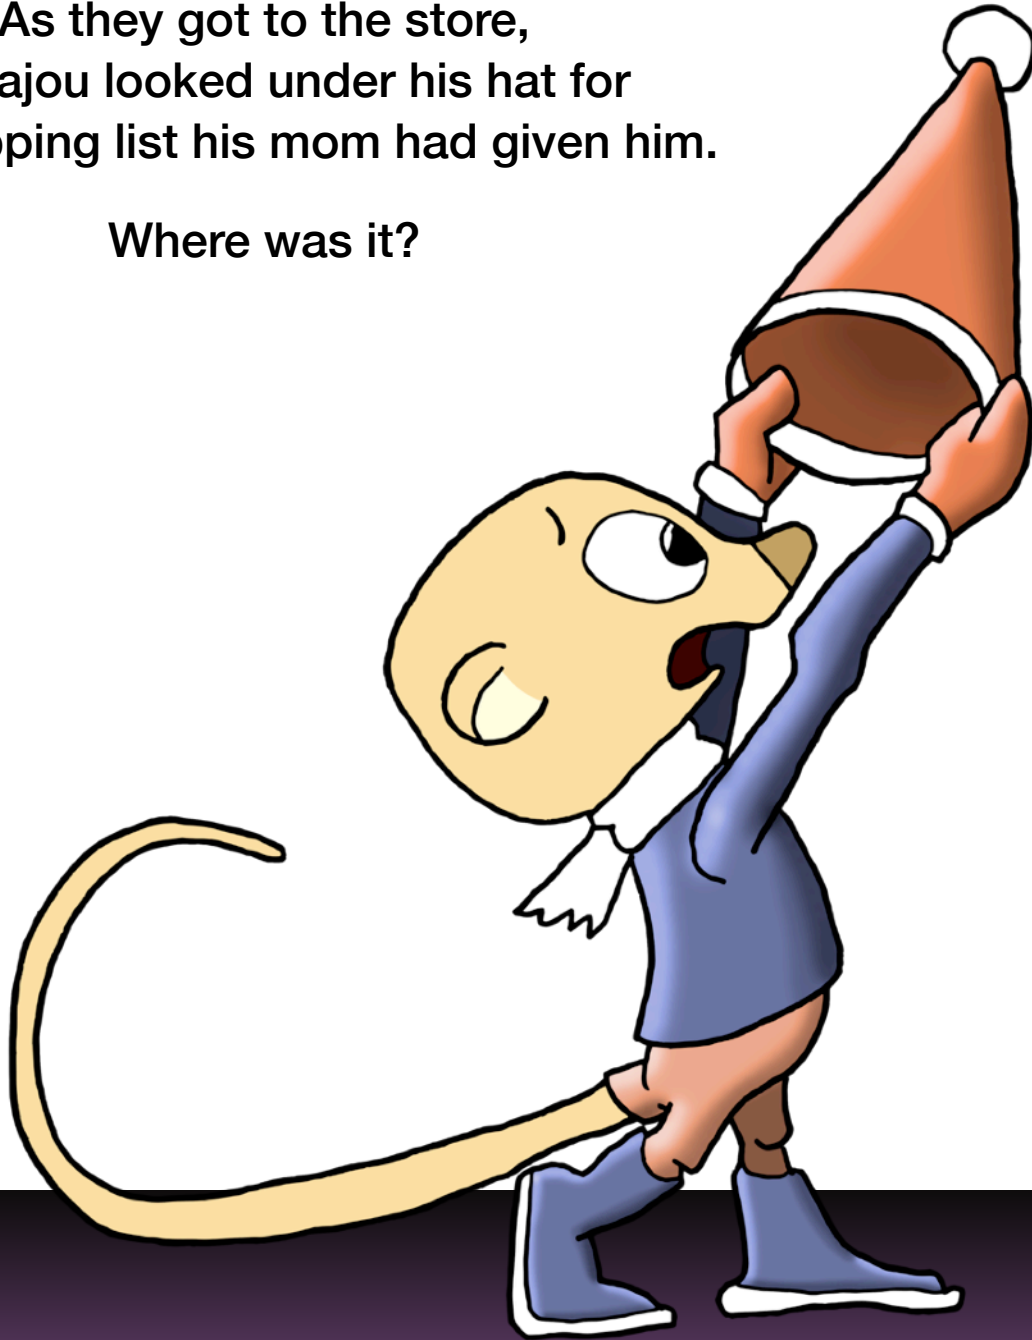

Tunnel complete!
Time to get to the store!

As they got to the store,
Kinkajou looked under his hat for
the shopping list his mom had given him.

Where was it?

They look for the list, but don't find it!

Kinkajou tried to remember the list.

I think the first Things on the list started with a "p"!

Pretzels start with a "p"!

A cartoon illustration of a monkey and a fox in a grocery store aisle. The monkey, on the left, is wearing a blue long-sleeved shirt, orange pants, and blue boots. He has a surprised expression with wide eyes and an open mouth. The fox, on the right, is wearing a pink long-sleeved shirt, purple pants, and white boots with purple tips. She is holding a blue can of potato chips on her head with both hands and has a determined, slightly angry expression. The background consists of grey shelves with various rectangular items. Two speech bubbles are present: one from the monkey and one from the fox.

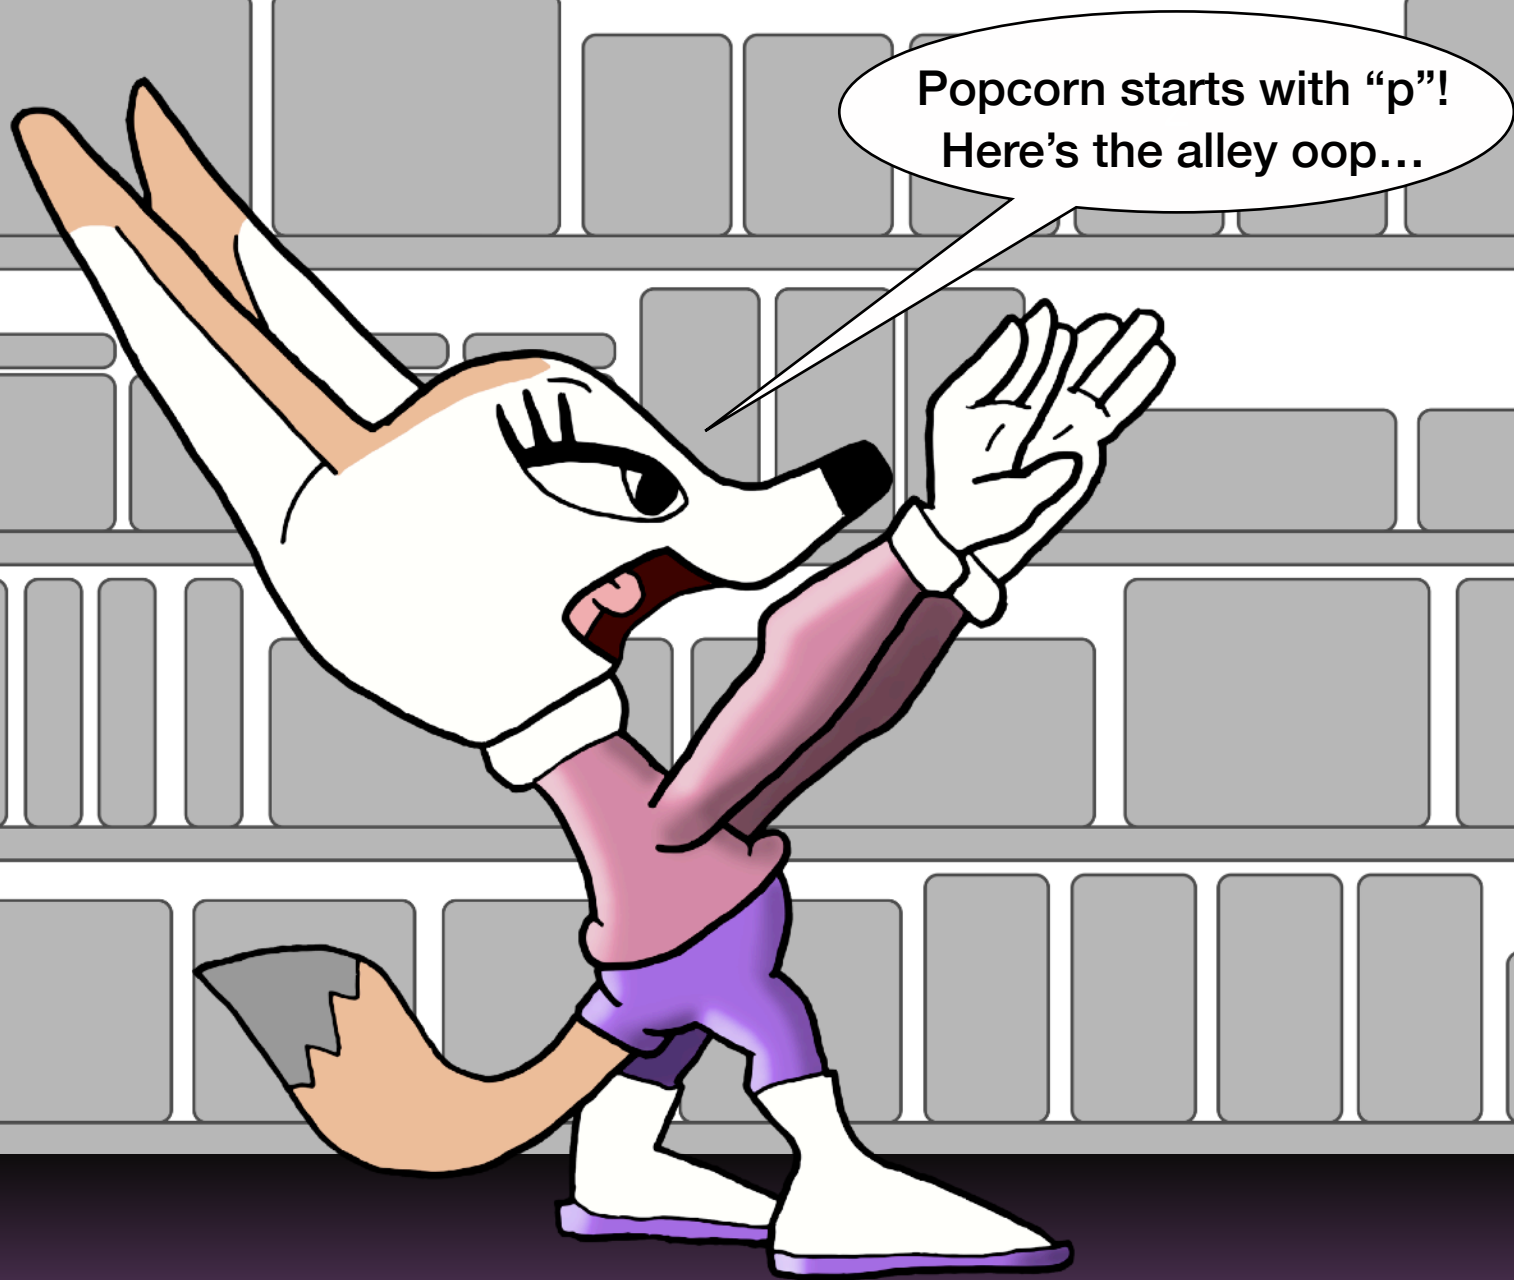

Was it potatoes?

Must be potato chips!
The shot is up,
and it's...

Gooooood!

BLOCKED!

And he slam dunks it!

One started with a "C".
Another started with "D".
Then there was an "L".
And maybe a "B".
And "Ice" something.

Chocolate!
Donuts!
Lollipops!
Brownies!
Ice cream!

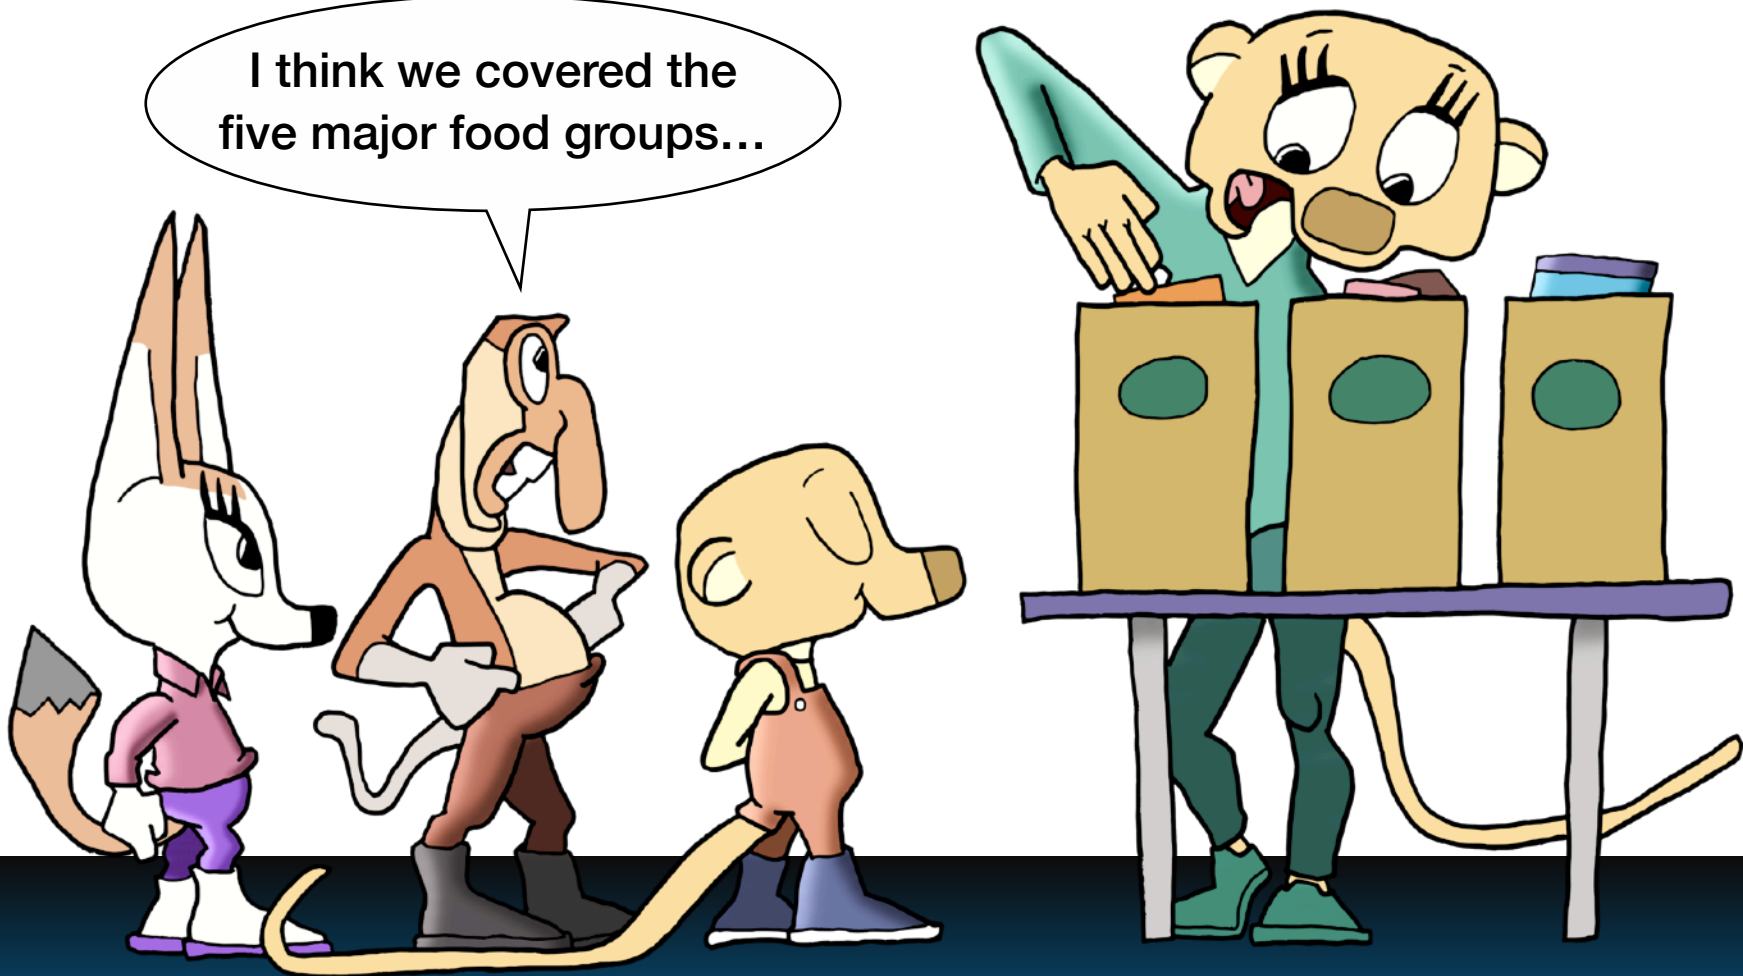

They bagged the food
and headed back home!

Let's see what you got!

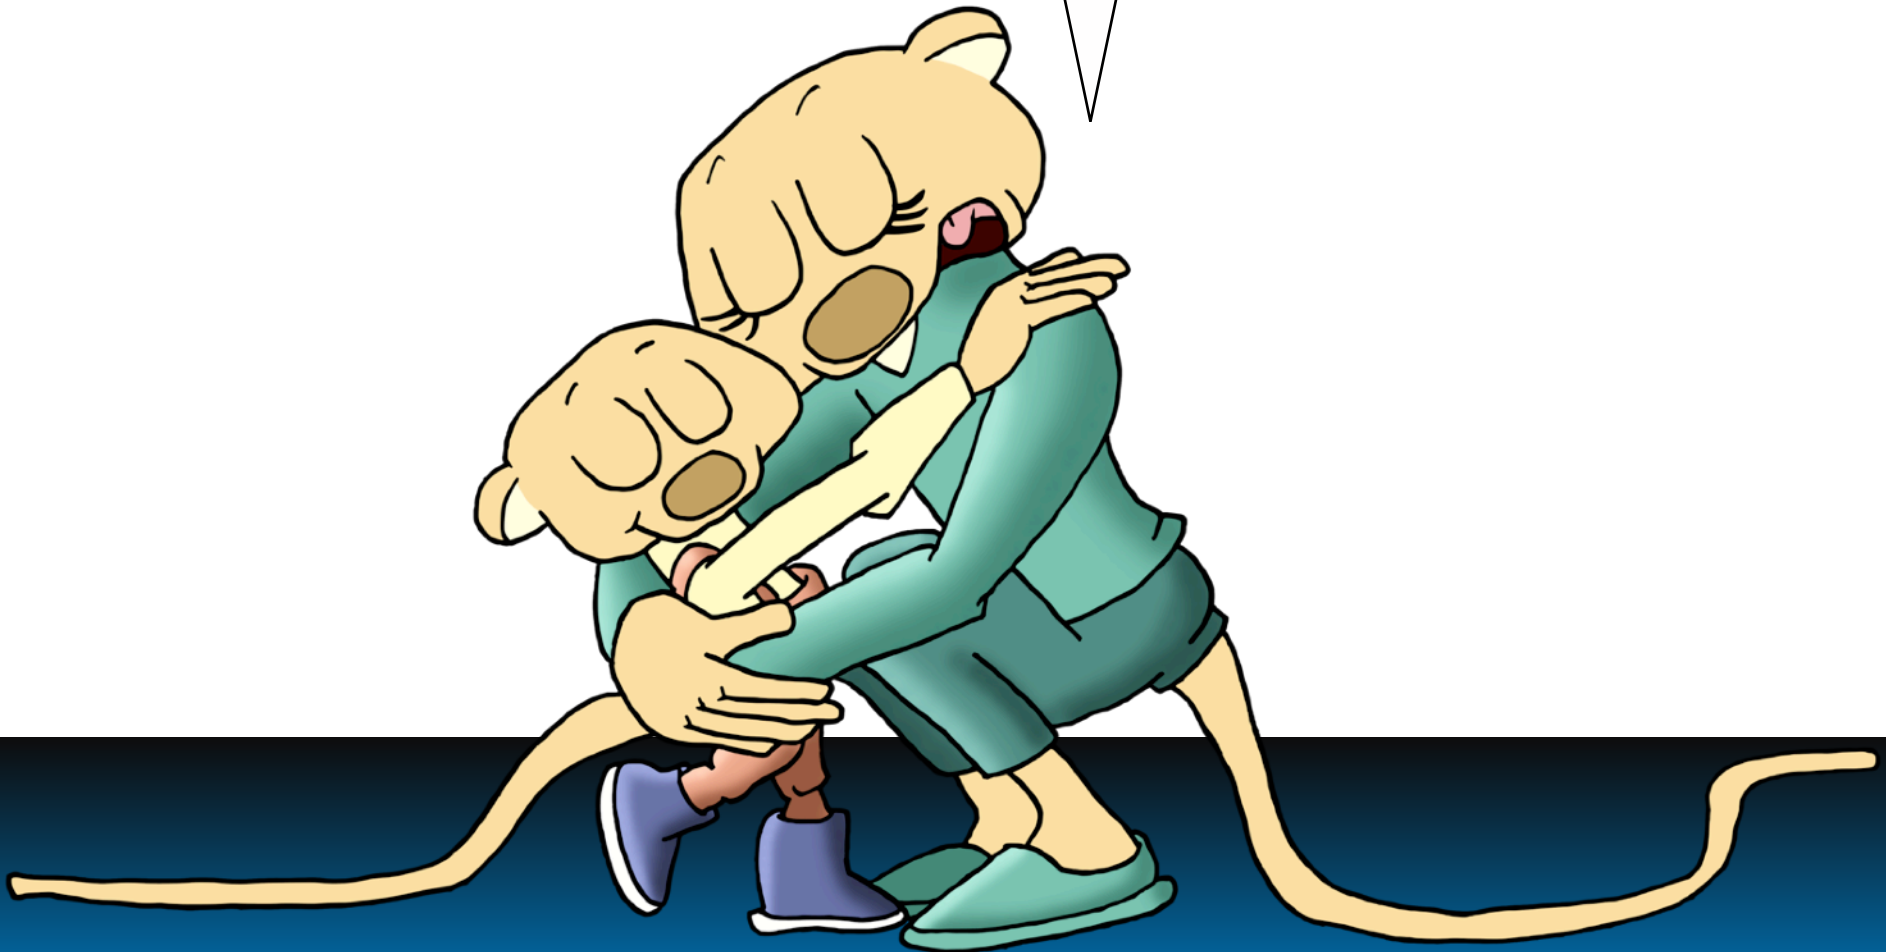

I think we covered the five major food groups...

Ice cream, potato chips, lollipops, pretzels, and donuts are not the five major food groups, but thank your trying!

The snow is too deep now to take this stuff back to the store!

I guess you might as well go out and play!

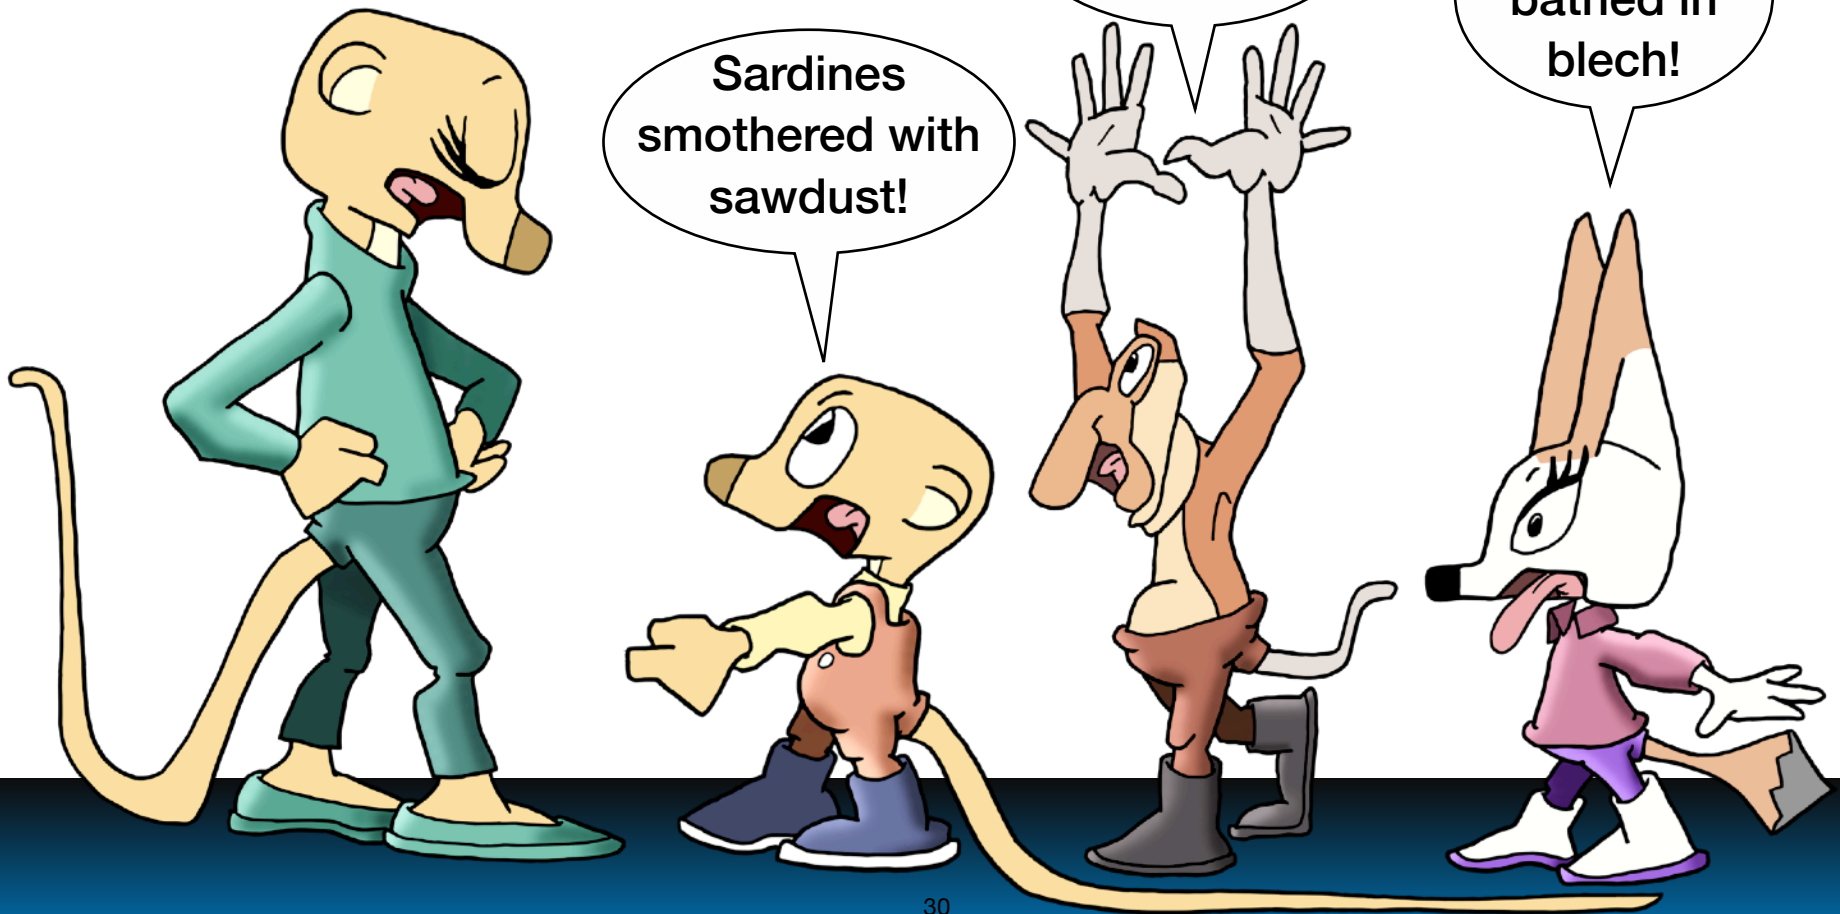

You could have used better judgement
when picking the food!

Before you go out, who can think
of the grossest food ever?

Sardines
smothered with
sawdust!

A sandwich
sprinkled with
spiders!

Bananas
bathed in
bleach!

Out they went!
